

Aircraft requirement list for specialist report

A. Basic information

1. Client name
2. Copy of the Aircraft specification sheet, which must include the following:
 - Aircraft Type
 - Year of manufacture
 - Aircraft registration number and serial number
 - Latest airframe hours
 - Engine hours since major overhaul
 - List of additional avionics
 - Damage history
3. Copy of the Pro-forma invoice
4. If the aircraft will be used to generate income, please provide a copy of the operating contract or utilisation agreement. We can obtain a letter of intent for the credit process, however we will have to obtain a copy of the contract for verification prior to payout

For second hand aircraft being imported, we require the following additional information:

- Copy of the purchase agreement between the seller and the buyer
- Who will be responsible for the importation of the aircraft?
- Which escrow agent will be used (we do not payout directly to the seller)
- Will the client be purchasing Forward Cover or will payout take place on the R/S exchange rate on the day of payout
